

GR 1350

HIGH-PERFORMANCE ACRYLIC EMULSION FOR WATERPROOFING & COATINGS

A premium pure acrylic copolymer emulsion engineered to deliver exceptional performance in waterproofing systems, roof coatings, textured paints, and sealants.

EXCELLENT BINDING POWER

SUPERIOR WATER RESISTANCE

OUTSTANDING FLEXIBILITY

[Product
info](#)

IDEAL APPLICATIONS

WATERPROOFING SYSTEMS

Reliable protection against moisture ingress and environmental exposure.

ROOF & GUTTER PAINTS

Enhanced durability and weather resistance for exterior surfaces.

HIGH-BUILD TEXTURED COATINGS

Excellent flexibility with superior crack-bridging capability.

LIQUID RUBBER COATINGS & SEALANTS

Provides a robust base polymer with exceptional elasticity.

PRODUCT HIGHLIGHTS

Appearance	Opaque Liquid Dispersion
Solids Content	49.0 – 51.0%
Particle Size	0.1 – 0.2
pH	7.0 – 8.0
Viscosity	<1000 cps
MFFT	<0°C
Specific Gravity (SG)	1.04
Elongation (Polymer)	>2000%

SAFE TO HANDLE

GR 1350 is of low toxicity under normal use. Eye or prolonged skin contact may cause irritation. Use protective gloves and goggles when handling.

ENVIRONMENTALLY RESPONSIBLE

Spillages must be contained and disposed of responsibly. Do not allow product to enter sewers or storm water drains.

KEY BENEFITS

**EXCELLENT
WATER
RESISTANCE**

**SUPERIOR
BINDING
POWER**

**HIGH
FLEXIBILITY &
STRETCH**

**ALKALI
RESISTANT**

**NON-
YELLOWING
FINISH**

**LONG-TERM
DURABILITY**

**SUITABLE FOR
EXTERIOR
APPLICATIONS**

**LOW TOXICITY
FORMULATION**

WHY CHOOSE GOLD REEF?

PROVEN SPECIALITY CHEMICAL SOLUTIONS

QUALITY-DRIVEN MANUFACTURING

TECHNICAL EXPERTISE & SUPPORT

RELIABLE LOCAL SUPPLY

SOLUTIONS DESIGNED FOR SOUTH AFRICAN INDUSTRY
